## How can we help your child at

We provide students, their families and schools with a wide range of assistance including learning and behaviour assessments, observations at home and/or school, discussions, liaison with other agencies, parenting help, practical strategies, professional teacher development and individualized tutoring. From three-four years of age we can help with:

**Learning Problems:** Including academic testing of Reading, (decoding, comprehension, phonics), Handwriting, Spelling and Mathematics.

**Cognitive Assessment:** Includes testing of verbal and non-verbal intelligence, visual, auditory memory and processing abilities.

**Other Assessments:** Including Dyslexia, Dyscalculia, Gifted Assessment, ADD/ADHD, Autism Aspergers, Behaviour, Reader/Writer Assessments.

*Provides planned, directed and individualized support for all students; we recognize all kids learn differently*

### **Subjects Tutored include:**

**Literacy, (Reading and Writing); Mathematics, English, Biology, Physics, Economics, Accounting and Business Studies to Year 12 level (NCEA and Cambridge) and Science to Year 10 level.**

The tutors include Annette a highly experienced NZ Teacher (Reg.) of over 30+ years (Primary) with Reading Recovery expertise (ten years plus) and Bannatyne experience (Phonics teaching).

Our NZ tutors are of exceptional ability with friendly personalities, excellent communicator and of are very 'kid-friendly!' They are all very motivated and successful university students.

Tutoring Classes are available short or long term depending on the requirements of your child.

The tutoring classes are available to ANY students who wish to access tutoring services at 'Kidz Tutoring' room. A FREE brief assessment and discussion can be undertaken to ascertain a starting point for the student.

Regular feedback is given

All resources supplied on site.

## Reciprocal Teaching: Prof. Teacher Development

**Reciprocal Teaching** has a powerful evidence base and has been repeatedly shown in many contexts to have proven long lasting gains for children experiencing problems with comprehension. There are frequent gains also shown in decoding and enhanced self esteem.

Customize a teacher/teacher aide workshop/seminar for your staff.

Professional workshops/seminars can be facilitated at your school or in the purpose-built facilities for up to 20 people at the Conference Room at 65 Morningside Drive.

Manuals are provided at the course with the added bonus of extra new, practical and useful resources for the groups of children at your school.
